## The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,  
Where you put your eyes,  
That's about the size of it.

It's all in how you frame your picture. The

closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

### What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

### How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

### Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where

they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

### **Changing The Picture**

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas

of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe t

o fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

### **Pieces Of The Puzzle**

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what

you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the

big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and

every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

## Your Personal Lunar Return

### Your Lunar Return Chart This Month

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle.

So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

### Daily Events

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

**Personal Void-of-Course Moon**

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times.

If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

## Lunar Return: Jan 19, 2010

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

### Sun

Creativity and the more enjoyable side of life are going to be a central feature for you for awhile. Let details take care of themselves and take the time to enjoy yourself and stretch out both at work and play. When something feels right, whether it be a new idea or the opportunity to just have a good time, roll with the feeling and don't put on the brakes. Open your heart and move with the innocence of a child and you will be rewarded for it. It is not childish to be childlike, and you have the opportunity right now to learn that it can be its own reward. Save your inhibitions for next lunar month, maybe longer, maybe forever...

*Sun in Fifth House*

When in doubt, this month, turn on the charm. You may be able to get by with anything as you can utilize the force of your own charisma to overcome almost any obstacle. The only difficulties you may run into with this approach is that though your faults may get overlooked now, they may become apparent later, so you have to be able to deliver what you seem to promise. The whole month has a tinge of this lovely but risky illusion, coming from others as well, so take care not to be overrun with momentary desire that may bring longer than intended consequences. Armed with that caveat, however, you can look forward to a positive spin on circumstances whenever you choose it.

*Sun Conjunction Venus*

### **Moon**

Whistle while you work, and you'll find work is something to whistle about. You'll also find you feel better and get more done. This is a period of keying yourself emotionally to what you do and how well you feel and integrating the two so they work for and with each other. You can find special insight into how to change your routine to achieve more with less effort by turning it into something you want to do, rather than have to do. Similarly, you are more closely tuned in to what is good for you and keeps you in good health. This is a time to rediscover the details how you do what you do. Then, whatever works for you, do that...

*Moon in Sixth House*

Uranus conjoins your Moon only once in a lifetime, and this is it, so hang on. This period of about a year can be a bumpy ride, full of surprises, shocks, and emotional tour-de-forces that come out of nowhere in an instant and vanish equally as quickly. Avoid putting yourself into risky emotional situations unless you're ready to deal with feelings that can go to extremes you may have not met. On the other hand, you can find the changeable weather gives you great insights into your inner workings and self-discovery comes like a thunderclap when you least expect it. Don't pursue situations that grate on your nerves, but opt for areas where you can reinvent yourself.

*Moon Conjunction Uranus*

You may find that personal issues can cloud your attempts to better yourself in the workplace, and what is said about you doesn't correctly represent what you really do. What people see is not necessarily what they get and you will have to make sure that your talents are not inadvertently underrated. Similarly, it is easy to confuse what a person does with what that person is, so any and all attempts to keep an appearance of professionalism and avoid getting personal are in order. Right now, work and play don't mix very well, so keep them well apart to avoid misinterpretations or entanglements that can slow down your career progress. Don't spread, or believe, rumors...

*Moon Square Midheaven*

A setting Moon this lunar month tends to throw the ball into your partner's court and it will take strong cooperation to get things done. Although that may seem to take away some of your initiative, it is time to get the full load off your back and let someone else carry it for a while. Expect emotions to run high in personal affairs, where partners may be a bit oversensitive and take things more seriously than they are intended. Nevertheless, it's the thought - and the honesty - that counts, so don't feel put off by overreactions. Part of the art of friendship is to give your partner enough space to really make a point, without judgment on your part.

*Moon Opposition Ascendant*

### **Ascendant**

It may seem like you have to have permission to start anything going this lunar month, but once you get a handle on the protocol required, you can get things going. Events will either be handled just so, or they will be chaotic and sloppy, and not much in between. Whenever you can get a written agenda ahead of time, you'll be ahead of the game by knowing the rules. Once

agreed upon, however, this approach can quickly see you through the complexities of the month, as it's all connected, a part of the plan. Keep your eyes on the path right in front of you, and the road will be clear. Omit needless words, edit down your thoughts, and you'll be on the path. Success through structure.

*Ascendant in Virgo*

Look to others, especially a close partner, for inspiration this month, as they may be a font of new and original approaches to life and circumstances. You may find them somewhat abrupt in explaining themselves, but that's impatience born of the fact that they understand what they're telling you but you don't. Avoid confrontation while getting the details of what they have to say, and don't take it personally, it's only intended to illuminate and help. You should not only forgive personal eccentricities, but examine them and see if there isn't something in it for you, too. What may seem as a strange or unorthodox approach may be just the thing to yield pleasure and profit, once you really get into it.

*Uranus Opposition Ascendant*

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

### **Mercury**

Thoughts turn to home for awhile, and putting things in order inside and outside your abode will be both necessary and pleasing. Rearrange things to suit, redecorate, put a fresh look on things and you'll rejuvenate yourself. On a deeper level, you'll be able to delineate your personal bottom line: where you feel comfortable, when you want to be alone, the foundations of your inner security. If your home is your castle, think about where it begins and the rest of the world ends, the boundaries you choose to defend and feel safe within. If home is where the heart is, define the spaces of your heart and whom you want to let in or have access to it. Put up signs and indications, so others will know and not transgress.

*Mercury in Fourth House*

Negative thinking can be a problem, as can stubbornness right about now. Avoid easy put-downs or cruel comments that seem smart but do more harm than good. Error-trapping is favored, but you have to make sure what you're attacking is really error. The error may be yours. Frustration with repetitious thinking and redundancy is natural, but you can't get everything right the first time. Try, try again, and it will all work out in time. This is a time for critical faculties, not critical people, so pay more attention to the job at hand and less to those who are doing it. Personal remonstrations are not in order, even though others may indulge in

them. Be an example.

*Mercury Square Saturn*

You may have the opportunity to use the power of your mind like a hammer this month, but be subtle or it will be useless. You can have strong, forceful, deeply-held opinions to sell, but the way not to have them welcome is to shove them down someone's throat. If you want your way, let your arguments do the talking and don't make it a battle of wills, even though you could more easily win that way. It's the difference between alliance and conquest, friends and enemies. It is a better time to harness powerful ideas and make them work for you, spread the gospel around, let the word be heard. True power does not emanate from a single person, but from where the larger picture comes to earth and is made available.

*Mercury Conjunction Pluto*

### **Venus**

You should find time to take pleasure in pleasure, exult in creativity, and take the time out for love - whether with a partner or your family. You'll find yourself particularly inclined to let down your inhibitions in favor of a good time, and now's a good time for it. A particular talent to achieve grace and proportion will lend itself for awhile, so pick up the fruits as they fall from the tree. Life is a cabaret, and for awhile you're in the floor show if you'll just follow your nose. Make sure to take a lot of pictures, as this may well be a time you'll want to cherish in days to come. Operant phrase: make hay while the sun shines.

*Venus in Fifth House*

You have to know what you want before you can expect to get it, and this is a time for consolidating your needs, collecting your desires, and knowing what you have that you can really bank on. Personally, this means leaning on a lover or friend and enjoying every moment of support. Professionally, it means knowing what you realistically have to work with and can depend on to see you through. It can be a period of increase not of wealth but of security, which is worth far more. When you have earned what you have, you take greater pride in ownership and are more likely to keep it. Now is a time to recognize those things, quietly rejoice in them, and then move on to more.

*Venus Trine Saturn*

### **Mars**

Turn to your friends for inspiration and support and you'll find the extra energy there to pull you through any situation. It's a good time for intimate get-togethers with dear ones to kick relationships up a notch and cement what's already long-standing. Similarly, you may find strong support from above, both moral and substantive, which will come in the form of an unexpected favor. Eschew arguments because you'll be preaching to the choir and they don't need the aggravation. Instead, lay back into the harmony and surf the waves of friendship all the way to the beach - or to the bank, as it may happen. You should choose the position to steer and motivate, let others run the engines.

*Mars in Eleventh House*

### **Mars Retrograde**

Every couple of years Mars goes retrograde for about two months, impacting on two or three of your Lunar Returns. The period during which it is retrograde (Dec 20, 2009 to Mar 10, 2010) marks a background that affects everyone in a similar way and is not to be ignored. It slows down ongoing projects, often hamstringing the ability to get on with things. It forces restarts after the period is over, and it generally causes the energy level all around to lower, dragged down by unnecessary repetition, frustration, and fatigue. This, too, will pass, but wise up accordingly, store up extra energy, and don't try to overshoot the mark. Projects you want to be especially strong and vigorous should wait until it's over.

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

### **Jupiter**

This is an ideal time to try out that new regimen of diet or exercise you've been thinking about. The more you do right now, the better you feel, so keeping active will be the key to feeling good. A big shift is better than a small one, so be adventurous. Similarly, you'll find things picking up at work, where there's more to be done thanks to new developments that have arrived on the scene. When at other times you might have been exhausted, now you pick up the stamina that comes from a focus on the new and the rewarding experience it brings you. Look for it - but even if you don't, it will likely find you.

*Jupiter in Sixth House*

There is a feeling all around that the next step along the way is both a gift from the gods and sanctioned by them as well. That may be so, but it will be those of us on earth that have to live up to the ideals we set now, and that may not be an easy or practical task. It can be too easy to expect too much of yourself and those around you because you don't include the rough but real aspects of reality and temptation we all have to live with. This is a great time to be a high priest - or to act like one - but make sure that what you sacrifice on your altar is not what you see in the mirror. Light plays tricks that way...

*Jupiter Conjunction Neptune*

### **Saturn**

You may want to pull in your wings a bit for awhile, as restricting forces are in the air that can put pressure on you if you don't carefully mete out your energies. Mainly, your personal energy reserves are easily drained, making situations you might have bounced back from take a greater toll than usual. Concomitantly, you may find more will be put on your shoulders than you would like, so look for others to take a load off. If there is any time to delegate authority, and the responsibilities that go with it, this is it. Nevertheless, you may feel obligated to handle things yourself anyway, in which case take it slow, careful, and avoid wasting time. Less is more this time, really.

*Saturn in First House*

This period of a year or so marks a somewhat troubled time for society at large, during which political and economic struggles arise and engage in conflicts that don't actually seem to get anywhere but take up a lot of news time. Unless you're part of the news, chances are this doesn't hurt you directly, but it does sow a certain dis-ease all around that makes people more uncertain than usual to commit to long-range agreements. When the wind is shifting, everyone waits until it's changed before settling down to business. With that in mind, you may find you can make more headway in smaller affairs and short-term commitments, personal or financial, pending further advisories.

*Saturn Square Pluto*

### **Uranus**

It could be really easy to get into an argument with your partner around now, but don't fall for the bait. Just back off, and things will subside as quickly as they arose. The same kind of electricity in the air makes for sudden spontaneity and you can get into things together you never dreamed of before. You also may find a new relationship drops down on you from nowhere and demands your immediate attention - which is, of course, just what you should give it. These things don't happen every day. Don't: get cross, get mad, fight back, get hurt. Do: be spontaneous, cut loose, experiment, be free. Opportunities have small windows of opportunity but big possibilities. Don't let them evaporate before you're fully aware they're there. Stay alert, react quickly, be ready to cast your fate to the winds.

*Uranus in Seventh House*

Getting into tiffs with a partner or being too oversure of your latest flash can land you in trouble you'll have to untangle down the line, so tread with a little more reticence and care than usual. Sudden, unexpected moves do not enhance the confidence of others, and you can become thought of as erratic, even if you are quite sure of yourself. Thus, don't shoot from the hip, either to initiate or return fire, and then if you don't hit the mark, don't waste the rest of your ammunition on a moving target. Harsh remarks can seem hurtful, but later you may find them well-intended and, in the end, helpful. Don't take punches personally, there are many rounds to go.

*Uranus Square Midheaven*

### **Neptune**

Health issues may temporarily cloud your skies, but don't let your imagination run wild - there's a concrete explanation, and solution, waiting in the wings. Don't make decisions in that division without consulting an authority, as flights of fancy may lead you astray and exacerbate the situation. Everyday work proceeds as if in a dream, which is about where you should leave it for awhile, as rearranging your routine now will simply mean you have to do it all over again all too soon. Not that you can't come up with some ideal solutions, just that they may not seem so ideal as circumstances change down the road apiece. In general, let sleeping dogs lie for the moment and tend to thoughts of improvement that can be put into action in the near future.

*Neptune in Sixth House*

### **Pluto**

If you have any simmering concerns or disagreements with others on the home front, this is not the time to bring them to a boil. If you avoid the temptation to rise to the bait, you'll find that seemingly intransigent problems simply fade away by themselves through changing circumstance, leaving you to put together a new order in harmony. Opposing a sea of troubles will not end them, so it's better to weather it out and wait for a change in the surroundings. If this means compromise, go for it, or simply refuse to get into a fracas at all. Remember, your home is your inner countryside, and civil wars do the most to ravage it. Better to tarry than be stern. All things come to those who only sit and wait.

*Pluto in Fourth House*

### **Node**

Responsibilities at home may take up more time than usual this week, so set some time aside. Also, parse your schedule so that you don't take on too much because of the extra duty and that you don't wind up handling more errands and odd jobs than you meant to. Nevertheless, you may find that while your attention is turned inward, nice surprises may be coming your way on the professional front, as your reputation gets a boost, perhaps from something you'd done long ago but had forgotten about. If someone offers you a free ride, by all means take it and don't be modest, because you will deserve the extra attention and weight taken off your back. Collect your rewards.

*Node in Fourth House*

## Daily Events: Jan 19, 2010

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

**Tue Jan 19, 2010      Moon in Pisces**  
09:43 pm            **Moon Enters Return's 07th House**

23° Pisces: *A huge hulk of a woman medium has gone into trance and around her are entities continually forming and dissolving. PHENOMENA*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

**Wed Jan 20, 2010      Moon in Pisces (Enters Aries at 01:37 pm)**  
01:06 am            **Moon Conjunct Return's Uranus**

24° Pisces: *The tiny island seems lost in the broad ocean but its happy inhabitants have created a great world all their own. CENTRALIZE*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

01:07 am      **Moon Void Ends: 01:37 pm**  
 09:51 am      **Moon Void (Personal) Ends: 01:37 pm**

**Thu Jan 21, 2010      Moon in Aries**  
 03:08 am      **Moon Enters Natal 06th House**

7° Aries: *A man comes forward flushed with the successful and simultaneous expression of his talents in two separate realms. EXPANSION*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *personnel, routine, civil servant, weather, food*

05:17 am      **Moon Conjunct Natal Uranus**

8° Aries: *A large old-fashioned woman's hat is revealed, with streamers flying in a stiff breeze from the east. INGENUOUSNESS*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *boundaries, uneasiness, complexity, gambling, inequality*

**Fri Jan 22, 2010      Moon in Aries (Enters Taurus at 11:41 pm)**  
 07:36 am      **Moon Enters Return's 08th House**

22° Aries: *A handsome grilled gateway opens to the garden of all desired things. PERSPECTIVE*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *research, obligations, compulsions, predictions, repercussions*

02:47 pm      **Moon Void Ends: 11:41 pm**  
 09:31 pm      **Moon Void (Personal) Ends: 11:41 pm**

**Sat Jan 23, 2010      Moon in Taurus**

08:28 am **Moon Enters Natal 07th House**

5° Taurus: *A youthful widow, fresh and soul-cleansed from grief, kneels at a grave to receive the secret of eternal life. INTROSPECTION*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *consensus, commitment, dissension, husbands, fairness*

10:16 pm **Moon Conjunct Natal Moon's Node**

13° Taurus: *A man, very cheerful in his working clothes, is handling a mountain of baggage the best he can. MAINTENANCE*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

**Sun Jan 24, 2010 Moon in Taurus**01:43 pm **Moon Enters Return's 09th House**

21° Taurus: *A moving finger points to the significant passages in a large open book. ANALYSIS*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *journeys, philosophy, values, confidence, communion*

10:04 pm **Moon Void Ends: Jan 25, 2010 06:12 am**

10:30 pm **Moon Void (Personal) Ends: Jan 25, 2010 06:12 am**

**Mon Jan 25, 2010 Moon in Taurus (Enters Gemini at 06:12 am)**10:25 am **Moon Enters Natal 08th House**

3° Gemini: *An etching of rare beauty displays a charming vista of court life at the garden of the Tuileries under Louis XIV. IMPORT*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to

the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *possessiveness, misunderstanding, renewal, obsession, retribution*

**Tue Jan 26, 2010      Moon in Gemini**  
06:31 am            **Moon Conjunct Natal Jupiter**

15° Gemini: *Two Dutch children in their immaculate native costumes are studying their lessons together. CLARITY*

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *claims, rebuke, spontaneity, wealth, smell*

05:50 pm            **Moon Enters Return's 10th House**

21° Gemini: *A throbbing mass of humanity has packed the confines of a city square; it is a labor demonstration. IMPETUOUSNESS*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *purpose, decisiveness, management, credibility, notoriety*

**Wed Jan 27, 2010      Moon in Gemini (Enters Cancer at 09:02 am)**

01:33 am            **Moon Void Ends: 09:02 am**

07:09 am            **Moon Void (Personal) Ends: 09:02 am**

12:50 pm            **Moon Enters Natal 09th House**

3° Cancer: *Through the cold darkening depths of a Northern canyon, a man all bundled up in furs leads a shaggy reindeer. IMMERSION*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *relations, imports, speculation, in-laws, comprehension*

**Thu Jan 28, 2010**      **Moon in Cancer**  
 04:35 pm              **Moon Conjunct Natal Pluto**

20° Cancer: *During the celebration of some fete, the canals of Venice are crowded; in a gondola are serenaders merry-making. SENTIMENT*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *soul-mates, metabolism, odors, envy, sloth*

10:41 pm              **Moon Enters Return's 11th House**

24° Cancer: *Three castaways, a woman and two men, stand on a bit of glorious sunlit land facing the broad southern ocean. ESTABLISHMENT*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *nearest and dearest, options, friendliness, companionship, meetings*

11:49 pm              **Moon Void Ends: Jan 29, 2010 09:10 am**

**Fri Jan 29, 2010**      **Moon in Cancer** (Enters Leo at 09:10 am)  
 07:22 am              **Moon Void (Personal) Ends: 09:10 am**

**Sat Jan 30, 2010**      **Moon in Leo**  
 01:18 am              **Full Moon**

11° Leo: *Beneath a huge oak, which holds back the rising heat of noon, some children putter at their games in a great swing. REBIRTH*

#### **Full Moon in Natal 09th House**

Think big, stretch the imagination, push the envelope of your beliefs and feelings - this Full Moon has the potential to be an eye-opener. The energy is in the air to expand your window on the world, especially where it has been an ongoing operation already in the works. The heady feeling of suddenly having put it all together can have you wondering now what to do with it all, but that will take care of itself down the line. Look for good news on the legal front, as things wrap themselves up and come to a conclusion, but don't count your chickens yet, as it's easy to overestimate right now. Main issues can get resolved now, as all parties are willing to go an extra mile to agree in principle, if not on the details.

**Full Moon in Return 11th House**

If you have been embarked on opening new doors and currying favor with those especially situated where they can help you, make your move now to see if you have succeeded. Get them to come across with what they seem to have been promising, or get on with it elsewhere. If you score, so much the better - if not, there are lots of good fish in the sea. You've got time to find the right people, but not time to waste with the wrong ones. Do not, however, burn bridges, as you could need them later. In any case, remember who your real, close friends are and take the time to re-seal your affection and loyalty with the ones you know you can count on.

Issues and Accents: *wanderlust, suggestions, wisdom, informality, appointments*

**02:47 am Moon Enters Natal 10th House**

12° Leo: *Japanese lanterns, a string ensemble, and an animated interweaving of colorful figures mark a garden party. COMPANIONSHIP*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *principles, self-development, necessity, responsibility, growth*

**06:34 am Moon Conjunct Return's Mars**

14° Leo: *Seen in the form of a cherub whispering soft coaxing words into every receptive ear, a human soul seeks expression. INGENUOUS*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *guns, cuts, pain, penetration, muscles*

**08:51 pm Moon Enters Return's 12th House**

23° Leo: *The scene is a circus crowded with spectators, and in a moment of hush a bareback rider performs extraordinarily. AUDACITY*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *foul-ups, uneasiness, secrecy, schemes, repentance*

**Sun Jan 31, 2010**      **Moon in Leo** (Enters Virgo at 08:23 am)

01:27 am      **Moon Void**    **Ends: 08:23 am**

06:34 am      **Moon Void (Personal)**    **Ends: 08:23 am**

01:49 pm      **Moon Conjunct Natal Neptune**

4° Virgo: *A little black boy is playing with white children; neither he nor they are aware of racial difference. PROMINENCE*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *illusions, obsession, sympathy, forgetfulness, clarification*

10:27 pm      **Moon Enters Natal 11th House**

9° Virgo: *An earnest but bizarre-looking individual is painting on a canvas; his art is futuristic and unintelligible. INAUGURATION*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *appliances, freedom, anomalies, altruism, lighting*

**Mon Feb 1, 2010**      **Moon in Virgo**

07:38 pm      **Moon Enters Return's 01st House**

23° Virgo: *A man clad in gay colors of the circus rushes into the barred arena where unwilling animals await his bidding. MASTERY*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *common sense, physique, credibility, appearance, ideals*

11:17 pm      **Moon Void**    **Ends: Feb 02, 2010 08:42 am**

**Tue Feb 2, 2010**      **Moon in Virgo** (Enters Libra at 08:42 am)

05:35 am      **Moon Void (Personal)**    **Ends: 08:42 am**

04:21 pm      **Moon Conjunct Return's Saturn**

5° Libra: *A teacher of the occult betrays his possession of real knowledge by the inspiration of his gathered students. INSTRUCTION*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *envy, defectiveness, ambition, selfishness, deficiencies*

08:05 pm           **Moon Enters Natal 12th House**

7° Libra: *An eccentric old witch is feeding her chickens and seeking to allay their fear of a hawk whom she has just tamed. TRANSMUTATION*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *astonishment, clutter, mistakes, regrets, clandestine affairs*

**Wed Feb 3, 2010    Moon in Libra**

09:05 pm           **Moon Enters Return's 02nd House**

22° Libra: *A little child is laughing as the water is turned into an artistic little fountain and the birds hurry to drink. SOLICITUDE*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *reform, winnings, handicaps, limitations, unemployment*

**Thu Feb 4, 2010    Moon in Libra (Enters Scorpio at 11:56 am)**

04:28 am           **Moon Void Ends: 11:56 am**

09:54 am           **Moon Conjunct Natal Venus**

29° Libra: *It is a seer's dream; vast masses of humanity push forward in frantic effort to cross the black chasm to knowledge. STUDY*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself,

but watch your wallet.

Issues and Accents: *passion, vacations, cooperation, customers, affairs*

09:54 am           **Moon Void (Personal) Ends: 11:56 am**

08:17 pm           **Moon Enters Natal 01st House**

5° Scorpio: *A massive rocky shore presents its unchanging face of the centuries to the furies and coaxing calms of the sea. INDISSOLUBILITY*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *pride, self-improvement, desires, distinction, boldness*

**Fri Feb 5, 2010       Moon in Scorpio**

07:09 am           **Moon Conjunct Natal Mercury**

11° Scorpio: *There is great excitement on the narrow and treacherous beach; finally a drowning man is saved and brought ashore. LOYALTY*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *reactions, hygiene, explanations, memory, artifices*

09:49 am           **Moon Conjunct Moon's South Node**

13° Scorpio: *In a rattletrap old wooden barn, an earnest man works in a maze of apparatus: invention at the point of success. CLEVERNESS*

11:27 pm           **Moon Conjunct Natal Sun**

20° Scorpio: *An immensely tall entranceway is closed by heavy and dark velvet portieres; a woman in white draws these aside. INVESTIGATION*

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *the brain, fatherhood, joy, public attention, fame*

**Sat Feb 6, 2010       Moon in Scorpio** (Enters Sagittarius at 07:04 pm)

01:33 am **Moon Enters Return's 03rd House**

21° Scorpio: *A soldier runs the risk of court-martial in remaining absent without leave, but a lovely miss clings to him. CONVENIENCE*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *stories, implications, language, vocabulary, ideas*

10:48 am **Moon Conjunct Natal Mars**

26° Scorpio: *A group of American Indians is making camp; as if by magic, the tepees are erected and home comfort established. REGULATION*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *impulsiveness, spontaneity, injury, sparks, exertion*

10:48 am **Moon Void (Personal) Ends: 07:04 pm**11:12 am **Moon Void Ends: 07:04 pm**11:40 pm **Moon Enters Natal 02nd House**

3° Sagittarius: *Two men, lounging in the comfort of an old drawingroom and with strong pipes, are playing a game of chess. PROFICIENCY*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *regret, food, wages, money, momentum*

**Sun Feb 7, 2010 Moon in Sagittarius****Mon Feb 8, 2010 Moon in Sagittarius**11:30 am **Moon Enters Return's 04th House**

21° Sagittarius: *A child and a dog are having all the fun in the world, gravely attending to things in borrowed eyeglasses. PRESENTATION*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the

order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *emotional security, immune system, habitation, generalizations, caring*

12:00 pm           **Moon Void   Ends: Feb 09, 2010 05:45 am**

**Tue Feb 9, 2010   Moon in Sagittarius** (Enters Capricorn at 05:45 am)

01:57 am           **Moon Conjunct Natal Saturn**

29° Sagittarius: *A perspiring fat boy is mowing the grass; he has discovered the handicap of flesh and is determined to lose it. REDUCTION*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *fatigue, disappointments, confinement, discretion, punctuality*

03:27 am           **Moon Void (Personal)   Ends: 05:45 am**

10:23 am           **Moon Enters Natal 03rd House**

3° Capricorn: *The human soul is visualized as a hovering spirit eager and receptive to the lessons to be learned from life. STATURE*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *transportation, visitors, news, context, highways*

01:42 pm           **Moon Conjunct Return's Pluto**

4° Capricorn: *A group of merrymakers is embarking in a large canoe on the magic little lantern-lit lake at the resort. EXPLOITATION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *soul-mates, metabolism, odors, upsets, seduction*

07:20 pm           **Moon Conjunct Return's Mercury**

7° Capricorn: *A highly sophisticated magic ritual is displayed with the central figure as a heavily veiled prophet of power. SUPREMACY*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *diet, reason, commuting, accounts, accountants, irregularities*

### Wed Feb 10, 2010 Moon in Capricorn

### Thu Feb 11, 2010 Moon in Capricorn (Enters Aquarius at 06:25 pm)

00:18 am Moon Conjunct Return's Moon's Node

22° Capricorn: *The defeated general yields up his sword, but in failure he wins for his cause a dignity that is real success. CUSTOM*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

04:56 am Moon Enters Return's 05th House

24° Capricorn: *The convent lies between gnarled old trees as a very picture of peace, and a woman approaches this sure haven. RESCUE*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *pleasure, socializing, sunshine, bravado, flair*

07:40 am Moon Void Ends: 06:25 pm

04:05 pm Moon Void (Personal) Ends: 06:25 pm

06:14 pm Moon Conjunct Return's Sun

30° Capricorn: *In the mahogany-paneled and magnificently furnished director's room, a secret business conference has begun. INQUIRY*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings

around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *recreation, display or ostentation, authority, blood circulation, gifts*

10:14 pm           **Moon Conjunct Return's Venus**

2° Aquarius: *An unexpected thunderstorm breaks over the parched lands of the river empire and its terror is welcome relief. VISITATION*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *dating, entertainment, appreciation, flattery, checking account*

**Fri Feb 12, 2010      Moon in Aquarius**

05:13 pm           **Moon Enters Natal 04th House**

12° Aquarius: *A magnificent allegorical painting presents life as a broad stairway with the landings various grades of life. GRADUATION*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *private matters, parcels, defenses, humidity, dampness*

**Sat Feb 13, 2010      Moon in Aquarius**

04:35 pm           **Moon Enters Return's 06th House**

23° Aquarius: *A big trained bear, sitting on a chair especially built for him, is waving all four paws in grotesque fashion. EQUATION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *files, productivity, subordinates, laundry, pets*

09:41 pm           **Moon Conjunct Return's Neptune**

26° Aquarius: *The battery man at the automobile service station, about to inspect a customer's car, has his hydrometer in hand. SOLUTION*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *escape, apprehension, misrepresentation, deceit, aspirations*

09:53 pm            **New Moon**

26° Aquarius: *The battery man at the automobile service station, about to inspect a customer's car, has his hydrometer in hand. SOLUTION*

#### **New Moon in Natal 04th House**

This may mark a day or so of raised tensions at home as biological tides run high and elbow room seems harder to come by. Used creatively, however, that can lead to new ways of organizing and arranging your personal space so it doesn't overlap that of others. It's a good time to start new home-related projects as a way to utilize the extra energy in a constructive manner. Letting out your deeper expressions of feeling to another can make things especially intimate right now, but make sure you express yourself clearly and are not misunderstood. The perfect time to feel "at home" with someone, either literally or figuratively. The only thing you'll not want to be is idle - the vibes are too intense to just sit on your hands.

#### **New Moon in Return 06th House**

If you always wondered if you should try out that off-the-wall diet or exercise trip, now's the perfect time to try on the shoe and see if it fits. Give yourself two weeks to see how it goes, and then decide if you want to continue. You never know, and right now you don't have to commit, so why not? The same goes for trying out new approaches at work. If changing the schedule or priorities seems appropriate, run it up the flagpole and see who salutes. If no one does, no one will particularly blame you, but if it turns things around you can collect all the credit for the idea. Dabble in the new without having to be an expert, see what happens.

Issues and Accents: *emotions, occupancy, possessions, fertility, judgment*

11:34 pm            **Moon Void   Ends: Feb 14, 2010 07:24 am**

**Sun Feb 14, 2010    Moon in Aquarius** (Enters Pisces at 07:24 am)

05:05 am            **Moon Void (Personal)   Ends: 07:24 am**

08:19 am            **Moon Conjunct Return's Jupiter**

1° Pisces: *The public market is thronged with people and all are good-natured and hurried on a late Saturday afternoon. PUBLICATION*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for

yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *formality, budgets, protection, education, investments*

**Mon Feb 15, 2010    Moon in Pisces**  
01:17 am            **Moon Enters Natal 05th House**

9° Pisces: *A tiny jockey from his magnificent horse looks about eagerly and, as the race starts, becomes a god of speed. EXPENDITURE*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

**Tue Feb 16, 2010    Moon in Pisces** (Enters Aries at 07:31 pm)  
03:39 am            **Moon Enters Return's 07th House**

23° Pisces: *A huge hulk of a woman medium has gone into trance and around her are entities continually forming and dissolving. PHENOMENA*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

07:01 am            **Moon Conjunct Return's Uranus**

24° Pisces: *The tiny island seems lost in the broad ocean but its happy inhabitants have created a great world all their own. CENTRALIZE*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

09:33 am            **Moon Void Ends: 07:31 pm**

03:46 pm            **Moon Void (Personal) Ends: 07:31 pm**
