Full name at birth: Elizabeth Marie Dubrovsky

Current name: Elizabeth Dubrovsky

Birthdate: August-16-1982

Report Start Date: February-06-2020

YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

Your First Period Cycle is 8 and lasts until age 28

An 8 during your first Period Cycle puts the focus on accomplishment at an early age. You likely grow up under some pressure, perhaps from an overbearing adult. Some children may experience this in a boarding school, foster care, religious organization or institutional environment.

A search for balance is the dominant influence when the 8 is present. Due to its focus on personal growth, extreme circumstances are often part of this cycle. You likely grow up in either a wealthy environment or hardship; part of a large family or as an only child; in a major city or somewhat isolated area. You have a need to modify extreme circumstances in your environment.

YOUR SECOND PERIOD CYCLE

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

Elizabeth, your Second Period Cycle is 7 and lasts until age 55

A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics. This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field. This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others. Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

YOUR THIRD PERIOD CYCLE

The Third Cycle represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Elizabeth, your Third Period Cycle is 2 and lasts for the rest of your life

Elizabeth, the later part of your life finds you increasingly intuitive, relying more on your heart than on your mind. You become less inhibited, as you gradually lose the fear of showing your true and deeper self. You are more direct and less hesitant to express your feelings. You rely on your gut feelings more often. "If it feels right, it probably is," could become one of your stronger convictions. You are better at working with people and you become a master in the fine art of persuasion.

Younger people, and others, are drawn to you - especially those who live with difficult circumstances and those who could use your help. You may well discover a talent you have not previously considered, perhaps in the visual arts.

YOUR FIRST PINNACLE CYCLE

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's. This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Elizabeth, your First Pinnacle Cycle is 6 and lasts until age 28

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well. Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. Elizabeth, you must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world. You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Elizabeth, your heightened sense of harmony and your genuine compassion makes you an excellent

counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

YOUR SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Elizabeth, your Second Pinnacle Cycle is 9 and lasts until age 37

This is a period in which you must identify with some larger project or goal that is bigger than you, Elizabeth. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and well-being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community. As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world. Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching. In short, you are highly idealistic. You will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

YOUR THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

YOUR FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Elizabeth, your Fourth Pinnacle Cycle is 1

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important. Be strong but flexible. Be open to the counsel of others but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams.

These characteristics provide great opportunity for success and major accomplishments.

YOUR PHYSICAL TRANSIT

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life.

Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit for age 38 and 39 is H

Your mind will be quite active during this period. The H Transit brings thoughts and ideas that are unconventional, original, and inventive. This is an ambitious time and self-promotion should pay off. Advancement and success are possible. Self-discipline is heightened, and you possess a clear understanding of what you want. Emotionally you could feel a little vulnerable and in need of love and attention.

YOUR MENTAL TRANSIT

The Mental Transit is based on your middle name

Your Mental Transit for age 38 and 39 is R

You have deeper understanding and insight during this transit. It is a time to deal with money, power, and authority. You have an opportunity to elevate your financial status and personal growth. This is a period where you are likely to meet the best and the worst. You must exercise caution in everything you do and every decision you make. Be aware of your surroundings.

YOUR SPIRITUAL TRANSIT

Your Spiritual Transit is based on your last name.

Your Spiritual Transit for age 38 and 39 is D

Keep an eye on your health during this transit and consider reevaluating your diet and exercise habits. Preventive measures are key to your health.

You may need to work at expressing your feelings this year and might want a loving shoulder to cry on. Love relationships could be somewhat strained, but they will be easier if you can share your feelings.

The D transit brings opportunities for growth and heightened self-confidence. There is also an increased chance for travel.

YOUR ESSENCE CYCLE

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Elizabeth, Your Essence for age 38 and 39 is 3

Your ability to express your self will reach an all-time high. Any talent you possess in the arts -- especially in writing, acting, or other performing arts -- will be greatly enhanced. This is a period of success through personal creativity. You have much opportunity to advance yourself and career through your own personal expression, charm, and creative talent. This is a social time, filled with much fun and friendship. You will feel lighter, fresher, and more alive than in previous years. It is as if life has relieved you of a burden, allowing the more creative, upward, and joyful energies to flow more freely.

People are naturally attracted to you. They sense your joie de vivre, your spirit, and creativity. Your challenge is to focus your heightened creativity on a worthwhile task. Discipline is essential. Choose a goal worth reaching. Pour your energies into something that will last. In this way, you will emerge from this period having accomplished something worthwhile, and learned to harness your creative abilities. If you fail to focus, you will likely spend your opportunity and creative urges on loose talk, superficiality, and socializing.

This is an emotional period. The upward, heart-centered energies are peaking, bringing with them many old emotional issues. You can easily exaggerate the importance of an unkind word, or react too emotionally to a troubling situation. In short, you need perspective now.

Elizabeth, you are in a highly volatile period, making you highly creative, sensitive, and given to emotional mood swings.

You are highly romantic and given to fantasy. There can be many wonderfully romantic times; however, it is important to avoid being swept away by your fantasies. Do not fail to see people for what they are.

This is a time when you will learn the value of your personal expression, and your own uniqueness. It is a time of personal accomplishment and advancement.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Your Personal Year cycle for 2020 is 1

Be ready for major changes. You will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals. This is a time for vision and planning. Share your dream with others; make plans, get the necessary support, but, above all, rely on yourself as the driving force. Be decisive!

You are starting a new nine year Epicycle. Everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, and bold. You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It's a time to take charge and to apply yourself to your dream.

This is also a good time to make the personal changes you have long wanted to make: Start a diet and/or an exercise program, or begin a new course of study.

There may be some emotional turmoil, especially in the first two or three months. It takes a while to get the ball rolling. There are many changes you must make and much work to be done. Be open-minded, organized, and focused. Avoid distractions and procrastination. You are at a crossroads. You will need courage and a clear head to stay on the right track. This is a year of opportunities.

The key months in your year ahead are March, in which you are able to lay the foundation to your plans; April, in which changes take place such as a change of residence or career; July and August mark a time in which you will see the fruits of your labors begin to take place; October represents a major turn in events, often fraught with emotional turmoil; the fall marks a coalescing of your plans into more concrete form.

Your Personal Year cycle for 2021 is 2

This is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined. You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals, yet use intelligent persuasion. Being forceful may work against you; compromises will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from you now -- a delicate sense of balance and a willingness to go around obstacles, without losing sight of your goal. You may also experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans. This is a year of slow growth, requiring patience.

Be discriminating in your associations and secretive about your plans. Don't talk too much about your ideas; be a bit secretive; guard yourself and your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared for the future.

You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even lifelong relationships this year. Because sensitivity and openness are heightened, many people find their "soul mate" in a two year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 year is a year of growth and advancement, but through gentle means, and the indirect use of your personal power.

YOUR DUALITIES

How the yearly cycles affect each other.

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Duality before your birth day in 2020 is 6 and 1

Elizabeth, after reading your 6 Essence and 1 Personal Year chapters, you may be wondering how these very different numbers will affect you. Although they differ in other ways each of them is quite practical, so they should work well together in both your professional and personal life. Your 1 Personal Year inspires (and requires) increased drive and effort toward your goals, and your 6 Essence will help you accept more responsibility and expand your range of influence (in all areas of your life).

As you transition from last year's 9 to your current 1 Personal Year, you should begin to feel a change in yourself and your circumstances. The start of a new cycle can feel unstable while things are in flux, but your energy level and confidence should increase as you find the direction you want to pursue.

To use an analogy, last year was a time for letting go of excess baggage, like a balloonist tossing ballast to gain altitude. This year you have the opportunity to use the wind behind you to move quickly forward. Your best approach for this period is to carefully consider your priorities and schedule your time and resources shrewdly. Streamline your life as much as possible, and don't waste time on minor issues. Fortunately, this combination usually finds it fairly easy to garner the support and cooperation of others.

This is also a great team for making healthy lifestyle changes. If there is room for improvement, consider

increasing your commitment to an exercise regime or nutrition program. In a way, you are beginning a new chapter in your life; the more speed you gain now, the farther it will take you.

Your Duality after your birth day in 2020 is 3 and 1

Elizabeth, you have a particularly promising and harmonious combination of cycles. The events and circumstances created by the dynamic 1 will deliver opportunities for you to be original, daring, independent, and aggressive (particularly in your career or business). Although your 3 Essence text mentioned mood swings, that aspect of the 3 is usually diminished during a 1 year.

The 3 will lend an optimistic attitude and inspiration to make a new start or take a re-energized approach to your goals. The 1 helps you think-outside-the-box. In this way, your 1 heightens the 3's talents of creativity, imagination, and the ability to communicate ideas. However, the 3 can be challenging for the ambitious 1, as it tends to be impulsive, scattered, and somewhat irresponsible.

Keep an eye on your motives and be clear about your goals. Success will require effort, discipline, and determination. Although your 1 Personal Year will require that you bring discipline and efficiency to the table, your creative, playful, scattered state of mind could be too distracted to deliver.

The dynamic energy of the 1 and charismatic spirit of the 3 are positive for both your professional and personal lives. They help refresh and re-ignite relationships, even if there have been challenges for some time. Romance is also highly favored.

Your Duality before your birth day in 2021 is 3 and 2

Elizabeth, after reading your 3 Essence and 2 Personal Year cycles, you may be concerned about the influence of this team. The 3's potential for mood swings, combined with the sensitive, emotional aspect of the 2 sounds taxing. Not to worry, the 2 and 3 are generally well balanced and harmonious - as long as each gets to play its role without too much interference from the other.

The 2 focuses on relationships, and the 3 is easygoing and social. This combination often introduces new people and strengthens existing relationships. This is due, in part, to the heightened sensitivity and intuition of the 2, which can enhance your ability to read facial expressions and body language. You may not be able to explain how you know what someone is feeling - "you just know." Additionally, your intuition and increased sensitivity can help you to act more instinctually.

Your 3 Essence lends a positive, upbeat outlook that should be helpful in personal matters and well as your career. However, this lighthearted influence also produces challenges, with its tendency to be unfocused and impulsive. Although the 2 brings a practical, realistic energy (as all even numbers do) the 3 won't make it easy. Without a determined effort to stay focused, you may find yourself easily distracted and tempted to leave projects unfinished. Procrastination and the ability to keep track of details could be additional

concerns. Pay close attention to your finances and think twice before committing to long-term obligations. The combination of optimism and unfocused energy can lead to poor decision making.

What is missing in this combination is a willingness to stand up and be counted. Between the good natured, somewhat mischievous 3 and the tactful, non-confrontational 2, you might feel others are running the show. It would serve you to remember that it is up to you, and no one else, to be an active participant in your life.

YOUR PERSONAL MONTH

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for February-2020 is 3

February brings reasons for optimism, there is a sense of promise and new beginnings in the air. You see your direction a little clearer, which causes you to lighten up and become more social, especially during the latter part of the month. Your upbeat attitude draws people, as well as support, often from unexpected sources.

A new project or business venture ignites your excitement, energy, and motivation, all of which you manage to communicate clearly to others, thereby motivating them. This is a time for ideas and plans more than action. The actual work does not start until next month, which is fortunate, because focus and discipline are not your strongest qualities during most of this month.

You are quick-witted, and your sense of humor is alive and brighter than it has been for some time. Take time out for leisure and relaxation. Recharge your batteries, you will be burning plenty of juice next month.

Romance is exciting and promising. Your charisma and self-expression are improved, and you feel more comfortable talking about your feelings, your expectations, and your dreams.

Your Personal Month for March-2020 is 4

Now is the time to deliver and show yourself and everyone around you, that you are able and willing to do whatever it takes to reach your goals. It is a month to put your nose to the grindstone and to work on all the details. March is also a time when your ability to plan and organize projects is greatly enhanced. So, too, is your clarity of mind. You gain confidence in your abilities, and yourself. It's time to move; to make things happen. Do not procrastinate. Do not avoid work or effort. Slacking would be a serious mistake.

March can also be a little frustrating because so much of your energy will have to be directed to repetitive and routine duties and activities. However, in spite of the detail-oriented, plodding feel, this is a time that brings opportunities and real progress. This could even be a breakthrough time when you overcome an obstacle, real or perceived, that has dogged you for a long time.

It may be a little surprising, therefore, that against such a serious and work-oriented backdrop, romance can bloom. Someone is impressed with your down-to-earth, go-getter's approach and your can-do mentality. You may find yourself in demand.

Your Personal Month for April-2020 is 5

As explained earlier in your January forecast, this year and last combine to bring about major changes. That also includes changes in many practical areas of your life, and April brings many of them to the surface. There can be a change of residence or office. Travel, sometimes quite unplanned, is very likely.

April could become quite a dynamic and hectic month, but also adventurous and exciting. Consequently, this period requires flexibility, and a willingness to accept change. You have to adapt, respond quickly, and embrace change as opposed to fighting it. The more you allow yourself to flow with the circumstances, the easier and more successful this month will be. Be ready for surprises. There is a sense of randomness and a lack of control which, to many of us, is frightening. No need to worry, many of these changes, once accepted, will actually streamline your life and make progress easier.

Your ability to promote yourself and your ideas is also enhanced. You will find that you have an uncanny talent to be in the right place at the right time this month. You will be able to advertise your talents and abilities at work as well as at social events.

With all this excitement, it may be hard to concentrate and focus on the job at hand. You'll need self-discipline or you may see much of your energy wasted. Unless you manage to concentrate and apply yourself, you may realize at the end of this month that you did not get a lot done.

Romance and social activities may tempt you to be self-indulgent and perhaps irresponsible. Be careful not to let this month's vibrant energy get out of hand.

Your Personal Month for May-2020 is 6

Love, romance, and commitment play an important role whenever a 6 Month teams up with a 1 Year. There is the possibility of a new relationship, the birth of a child, or marriage. It is a month of responsibility, unselfish giving, and a willingness to devote time and energy to the needs of others. Domestic and community matters move to the foreground and have to be given priority. Sometimes, this combination of numbers causes long slumbering discord between couples to surface and be dealt with.

This is a time when the heart rules and emotions run high. It can cause both extremes -- either deeper commitment and more lasting love, or separation and divorce. Honesty is essential to a positive development of the month. You may find yourself tempted to take the easy way out in some awkward situation, perhaps by lying or being secretive. However, that is likely to backfire and can become ugly and destructive, particularly during this month.

In general, this is a good time for career and financial matters; promotion is possible, as is a windfall in the form of an unexpected tax refund or an old debt paid back. This sequence of numbers is also more likely to resolve legal issues or other matters that pit you against large institutions, corporations, home owner associations, or some other faceless entity.

With so much energy dedicated to the heart, to love and emotions, it may seem that your sense of justice, your honor, and your moral values are tested more than once. Don't let opportunities to make a stand, or to right a wrong, slide by. Few feelings are more devastating than regret.

Your Personal Month for June-2020 is 7

This month offers time and opportunity for contemplation and insight. Career and romance do not require as much attention as your need to understand your own motivations and desires. Don't make the mistake of feeling guilty for not carrying your load, or for not working hard enough. That is not what this month is about. Keep up your sails, do what you have to do to avoid problems, but beyond that, let the wind do the rest. Take the time to dwell on your dreams and hopes, find clarity about what you want out of life. Most importantly, don't be afraid to confront yourself.

Your work and other duties take second place this month, however, you may well discover information, through research or by talking to the right people, that will help further your career.

This is not a good time to spend money, take out a loan, invest, sign contracts, or otherwise make long-term business commitments. Social activities are also better kept to a minimum, unless it involves deep or intimate conversations with family or close friends.

Your Personal Month for July-2020 is 8

Career and finances should be at the top of your priorities. Work hard and wisely. Combine practicality and vision. July is not a time to sit and stare into space, but to be on your toes, to keep your eyes wide open, and refrain from taking unnecessary risks, unless risk-taking is in your blood. For professional gamblers, this can be a very profitable period, but for those of us who live according to the simpler laws of effort and reward, this is a month to stay with the tried and true.

All affairs related to money should be handled with the utmost care. But let me be clear: This month is a rewarding time, and your chances that events will take a positive turn are great. If you are wise and cautious, you may increase your bank balance considerably. Nine-out-of-ten people in this combination -- 8 Month, 1 Year -- increase the strength of their financial positions.

This month also brings out strong emotions in personal relationships, both positive and negative. While a 1

and 8 combination, through the usual cycles of effort and reward, cause and effect, and good old-fashioned Karma, tends to increase stability and strengthen the positions of most people (not so if Karma is working against you), it has an almost opposite effect in the area of feelings. It shakes things up, calls out the white elephant in the room, and otherwise rocks the boat. The advice is to be open, tolerant, forgiving, and to refrain from judging -- lest you be judged.

If you are not yet romantically involved, this month may introduce you to someone special through work or business. New friendships and business partnerships are also common under this number sequence.

Your Personal Month for August-2020 is 9

As mentioned more than once during previous monthly forecasts, this year offers plenty of changes, and August continues the trend. Most of this month is dedicated to completion and letting go. This includes old habits, ideas and concepts that you have recognized as no longer valid, perhaps even projects you have lost interest in, and relationships you have outgrown. It is the latter that may be accompanied with a quite a bit of emotional turmoil. However, with relationships as well as any other aspect of your life you are ready to let go off, the result is that you make room for the new.

Within the context of this two-year transformation mentioned in your yearly forecast as well as your January monthly forecast, August stands out as a kind finality. By now, you should have a pretty good sense of how and where you changed. However, you should be prepared for some moments of nostalgia and perhaps regret, these are the usual emotions that are part of the cycle of tossing out the old and inviting in the new. There will be unexplainable emotional upsets, melancholy, and such, but they are essentially the remnants of the old you. Share those feelings with someone close to you. Take comfort in heart-to-heart talks. Still, do not doubt that you now have both feet firmly planted in the new 9-year cycle. You are ready to move ahead.

If your love relationship is fairly recent, or still fragile, this month will likely reveal whether it is of true substance and endurance. Let go of whatever wants to be free; hold on to what wants to stay. And look to a brighter future.

Your Personal Month for September-2020 is 1

You experience an increase in inner strength, independence, and individuality during this month. There is a sense of empowerment. Chances are your health improves, and you are more focused and direct. You are certainly more ambitious and readier to pursue your goals. It may even feel a little like the dawn of a new era.

However, there is also a less fortunate side to this double 1 cycle in the form of lacking patience, irritability, and in some people even moments of violence and aggression. The energy you are experiencing when the 1 dominates to this extent is bundled, like a flashlight as opposed to an omni-directional light. For that reason,

many things seem amplified. It is important that you maintain control and keep a close eye on your attitude. Even the gentlest among us tend to be rude or angry a few times under this influence.

Relationship issues should be avoided. As you may have guessed, you are not in the best mood to deal with other people's emotions.

September is a good time to bring about practical changes that you have long contemplated as essential to your health and happiness. This combination inspires smokers to quit, others to modify their diets or start an exercise routine. You are able to muster up great will-power, so take advantage of that.

Direct this month' energy towards your career or your business. Use that drive and ambition to make progress. But leave that kind of energy at your office, don't take it home with you.

Your Personal Month for October-2020 is 2

Your intuition and sensitivity are heightened. You are much more aware of feelings, yours as well as those of others - which is quite a change from last month (although this gentler energy probably started making its presence known about a week before the end of last month).

Under normal circumstances, and if it doesn't affect you personally, you will find it easy to maintain harmony, even in potentially discordant situations. However, on a more personal level, and particularly among your family and friends, this increased sensitivity can cause you to make mountains out of molehills, get jealous when there is no reason for it, or respond excessively to perceived slights. You are also more vulnerable to criticism than usual

You may also realize that you are given more authority or responsibility in your work. Although promotions and financial improvements may not be obvious, this combination often lays the groundwork for future improvements.

Romance and all heart-centered relationships are central to the events of the month. If single, you will meet someone special. If involved, your relationship will likely become stronger and more committed.

Your Personal Month for November-2020 is 3

November is a month brimming with inspiration, motivation, creativity, and self-expression. However, there can be a superficial undertone that makes many of your ideas or bursts of energy evaporate as fast as they came.

Still, your enthusiasm is contagious, and no obstacle is too great to overcome - or so it feels. It is your challenge for this month to bring in the needed ingredients of discipline and pragmatism.

Unfortunately, you have little patience and would like everything to go much faster. Your mind runs at a high speed, but it is scattering your ideas all over the place, unless you manage to channel it. Fortunately, there is enough brightness and lightness to make it a fun and exciting month. It is actually a very good time to take a break, maybe go on a vacation. If you do, don't forget to bring a notebook to write down the ideas that pop into your head. The expression of having a mind like a popcorn machine is quite fitting for the influence of this month.

Others are attracted to you and temptation is part of this month's game. There is a danger of falling into a trap of irresponsible behavior. Be careful.

Your Personal Month for December-2020 is 4

December brings opportunities as well as frustration. It is crucial that you stay focused on your goals and work hard. The numbers for this period are all about effort, discipline, and progress -- perhaps not an ideal combination for a month supposed to be full of festivities and joy. However, you will find that if you apply yourself, put your nose to the grindstone, when you are in your work environment, it makes the moments when you are out enjoying the holidays that much more satisfying.

This is an excellent month for career with many opportunities for progress, due in part to last month's inspiring ideas and enthusiasm, remnants of which make it into this month with a potential to actually manifest something. There is always promise when a 1 and 4 team up. You may feel that success is coming within reach, or that the breakthrough you have been waiting for is about to happen. However, there is a caveat; courage is big part of this combination, and a dose of that may be required if you don't feel you are ready.

Sometimes we experience a fear of success not so different from a fear of height. If that is the case, grab the bull by the horns, this is not a time to over think things or let fear stop you from reaching for what you want.

Generally, this combination is less affected by emotions and personality issues than other times. It tends to be fairly stable as far as relationships with friends, family, and co-workers.

Your Personal Month for January-2021 is 3

January brings you optimism and energy. The drive and enthusiasm that emerged during the second half of last year is still with you, along with a caution born of inner change and the emotional ups and downs that arose during the previous 18 months. You're aware of your need for support, cooperation, and advice. And this month, you find yourself establishing closer ties and better communication among those with whom you live and work.

You are also reflective and relaxed. Take the time to play and laugh. Reach out to friends and loved ones.

Communicate your ideas freely. You and your plans will be supported, which will heighten your optimism about the future.

Romance is an important part of this months' experiences, and the chances are good that you may meet someone special.

Your Personal Month for February-2021 is 4

You realize early this month that progress depends on your willingness to work diligently and remain focused on details. You feel capable and confident, but as your effort increases -- and the hours pile up -- you may become frustrated with the slow response of others. Keep your nose to the grindstone, and if necessary put in overtime. Don't try to dodge the bullet; bite down on it and keep going. Meanwhile, be willing to cooperate, listen to others, and tactfully communicate your convictions, as well as your doubts.

February is an excellent month to improve your financial position, particularly through better management. Due to consistent and patient effort, a raise or profitable business deal is in the cards.

Relationships tend to be a little shaky for most of this month. Elizabeth, you may be somewhat irritable and lack patience as a result of stress and emotional turmoil in your work-environment.

Maintaining a well-ordered environment and avoiding procrastination will help you bypass much emotional stress.
