LUNAR RETURN DATE: February 9, 2017 at 3:27:13 AM

Zodiac Signs on the Ascendant and MC, and the Ascendant Ruler

The zodiac signs on the Ascendant and MC, and the house position of the Ascendant ruler at the time of the Lunar return are described below. Your social and career opportunities for the coming month are influenced by these signs and house placement.

Lunar Return Ascendant Sagittarius :

LIVE LIFE TO THE FULLEST
TEACH AND INSPIRE
RELIGIOUS AND SPIRITUAL ASPIRATIONS

You will do everything in grand style this month. There is nothing introverted in your life as you wander around through doing nothing special except "visiting" every place you can think of so others can see you, rather than you seeing them. You have many associates and acquaintances, but the chance of having real friends is questionable.

You like to keep communications light, non-threatening and casual rather than get involved in heavy discussions. You have a love of travel and you should feel that you have been born with roller skates on your feet so when you awake you can be on your way again. Philosophic thought and religious matters will have special importance in your life in some form. When pointing out your views to others, don't take the direct route but utilize a gentle approach so that people don't feel that they have just been steamrolled!

Energetic enthusiasm surrounds this whole month, but physical stamina is not at its strongest for this month. In fact, laziness can easily accompany this influence unless there is motivation to perform accompanying it. Routine and boring physical exercise is not your forte, even if you are on the move quite a bit. Sagittarius is ruled by Jupiter, planet of inspiration, wisdom, good fortune, and abundance. Matters connected to philosophy, travel, spirituality, teaching, writing, publishing and research will be very strong for you this month. Sometimes this Ascendant can be so honest that you can be taken for being rude, and the negative side can be self indulgent, a bit pompous, gaining a great deal of weight, more dependent on substances and alcohol. On a more positive note, love of theater, dancing, sports, animals, travel and good food and drink will be more interesting to you this month.

No one can accuse you of being a stick in the mud as you get easily bored if you spend too much time in one place, and usually an hour or so is your limit. You are the true adventurer who needs change to grow. You have an inner knowledge that something is going on somewhere that you should be investigating, talking about,

taking a risk (especially gambling) at or living life to the fullest. Should your high expectations fail, you dust yourselves off and try again, never giving up on faith or hope for the future.

Commitments can be difficult for you this month but if they allow you room to move around they stand a very good chance of succeeding. The word Miser would never be used in your vocabulary's because everything you do is on a grand scale. You give and live the best that you can no matter what the circumstances. When you see a project in your mind, it becomes a mountain, even though in reality it may be the size of a mole hill. Business, politics, teaching and religious careers are your area of expertise and where you may find your life's work.

You are always a good friend to others, but you probably will not receive the same in return. This is why you will make a good teacher. In this way people can learn from their shortcomings about what friends really are. Look to the house where Jupiter is located to see where your good luck and good fortune can be found this month.

Ascendant is in Sagittarius, Leo Decanate

Ruled by the Sun, you are kind and generous and can be of great benefit to society. You are more intuitive and can inspire others with your profound insights. You have a talent for coming up with unique ideas and you are enthusiastic in all that you do. One danger with this configuration is being a bit too bold and brave, you can use a dose of reality pumped in from time to time to keep you on track and down to earth.

Ruler of Ascendant in 10th house

With the Lunar Ascendant Ruler in the Lunar 10th house, this is where you look to create who you are in life through your career, how other people identify who you are, your status in life and the accomplishments you make this month.

Lunar Return MC Libra:

Since this is the most "visible" part of the Lunar chart, it represents how you are actually seen in the world by others. It represents your more outward or public face and where you are likely to encounter success, and your reputation in the world. Your goals will require peace and harmony away from the maddening crowds. You will have a flair for artistic and creative projects and can talk up a storm. Legal careers are a nice compliment to your temperaments, with the ability to see both sides of situations while remaining unbiased. Since you have a wonderful sense of color, decorating, painting, drawing or any field that allows you to match patterns with your surroundings. Diplomacy is a natural state of mind as well, and you are endowed with good reasoning abilities and a tolerant nature.

With Libra on the Midheaven, you will attract attention to yourself through talents that you have, any social status, changes in physical appearance or just because you like the spotlight on you. The negative side of Libra here would be antisocial behavior towards people in authority or father figures.

Relationships that are not harmonious with a sense of cooperation and above all becoming friends can really mess up your internal wiring. Approval and recognition for work well done are a necessity for balancing your life. You are a natural at giving of yourself and when unappreciated you wilt like a flower that has been stepped on.

Marriage is very important to you, but you must look before you leap into it because you have the tendency

to marry very quickly, and suffer the consequences of your impatient quest until you can bear it no longer. You put your friendly and enchanting face forward in a non-aggressive manner and you would much rather make peace with people in an agreeable way which is your approach to win people over to your side.

Zodiac Signs on the Other House Cusps

The zodiac signs on the other house cusps affect your attitude to many areas of your life, and have a significant impact on what kinds of opportunities and challenges will present themselves in the coming month.

Capricorn on 2nd cusp:

With Capricorn on the second house, prudence and practicality will prevail in the handling of money. In the event you acquire large sums of money, you will be very careful what you do with it, and how it is spent. It can come down to the fact that no matter how much money you have, you never, ever, have enough. Your purchases and investments will be conservative, and only those that give you the most and secure return for your money. You may decide to live a rather simple life, void of the luxuries and expensive taste of your neighbors. Look to the house that contains Saturn to see where your money will be made.

Pisces on 3rd cusp:

With Pisces on the third house of communication and learning, you have a natural curiosity about what others have to say to you. Be careful of trying to take intellectual thought and trying to integrate it intuitively, as it can get lost in the translation. Remembering details will be difficult for you, and you will more than likely be very private and secretive about your thoughts and ideas. You will not be known as a person who confides in very many, and may prefer being somewhat alone in your solitude. You possess a great creative ability which can be used constructively for writing or speaking. Look to the house where Neptune is located to find where your interests can be found.

Aries on 4th cusp:

With Aries on the fourth house of home, family, roots, real estate, property and security, you will be very aggressive in attitude to the above matters. You will be very actively involved in every aspect of daily life with quarrels, arguments, disagreements and hand to hand combat is part of the picture, especially if anyone disagrees with you. I would say not to force issues, but that would start arguments as well, so I will stay out of it and let you learn the hard way. Look to the house where Mars is located to see where your home security can be found.

Taurus on 5th cusp:

You have Taurus on the fifth house of Children, recreation, romance, creativity, artistic abilities, hobbies, writing books (creatively), speculation and investments. Love, life and the pursuit of happiness is your forte, and romance and affection is extremely necessary. Taurus here can be kind of a tyrant when it comes to behavior in public, for your spouse, lover or children. One positive side of this energy is spoiling others, and interests in the arts or artistic talents is highlighted. Don't be afraid to express yourselves creatively, or with people in your family. Look to the house where Venus is located to see where you might find your recreation

and romance potential.

Gemini on 6th cusp:

You have Gemini on the cusp of the sixth house of Work, Work environment, responsibilities, health, work and service for others, relationships with employees and co-workers, and your interest in physical fitness. Working on a great deal of different jobs, probably two at a time is great because of the duality of Gemini located here. You should not have any problem comprehending the complexities of the work before you, as Gemini is an intellectual sign, but you are likely to get very wrapped up in your lives excluding everyone else. Make sure your work allows plenty of freedom because you get bored easily and hate repetitive work. Any fields relating to research, finances, business or science would be excellent for you to investigate. Nervous tension is a problem with this placement, so you may need some space from others or some physical exercise to sooth this energy. Look to the house where Mercury is located to see where you might find work or service to others.

Gemini on 7th cusp:

Relationships, partnerships, marriage, people you have close associations with, cooperation or lack of, contracts, and legal matters are all part of the seventh house, with Gemini located here. You will have to have a wide variety of interests in relationships, as boredom will set in quickly otherwise, but with Gemini placed here, that should not be a problem. You won't be known as the most demonstrative person now, but relationships should be happy, fun and lively but a lot of nervous tension will accompany it, bringing a certain degree of irritability. On a day by day basis you will be very busy, racing around to keep up with that erratic energy. Look to the house that contains Mercury to see how you will deal with partnerships.

Cancer on 8th cusp:

The eighth house deals with joint resources. Possessions that are not earned directly by you, but obtained through the relationship, wills, or pensions. It also has to do with money belonging to others such as taxes, corporate money, insurance, and the stock market. The eighth house also relates to the mysteries of life and sex. Cancer will have an influence on the above matters by adding an emotional element, as well as security into your spending and physical habits. Nurturing others in this way will be a very important part of your security and your happiness. Look to see which house the Moon is located in, to see where your joint money can be found.

Virgo on 9th cusp:

The ninth house is the house of long range goals and long distance travel. Religion, philosophy and higher education are ninth house matters. With Virgo ruling the ninth house, you will be practical, fixed in thought and insistent that your knowledge about any of the above matters is the only right one to follow, being very closed minded. When coming to any conclusions, you will carefully research every bit of information available, and form your opinions from all data available. There is no pushing the envelope where legal matters are concerned, the law is interpreted as the law to the letter. Look to the house where Mercury is located to see where your interests in higher aspirations can be found.

Scorpio on 11th cusp:

The eleventh house has domain over achievement of goals and objectives, and hopes and wishes. Humanitarian efforts, clubs, groups, associations, sharing ideals are also associated with the eleventh house. People that support your efforts, friends and connections to the outside world can be found in this house. With Scorpio located in the eleventh house, the focus turns to developing close and intense relationships with friends who are very powerful and influential. The group of friends you associate with will not be many, and social affairs are held to a select few. People who are wishy washy will not be found in your vicinity, and you must be more cautious in avoiding people who play games, are unreliable or try to manipulate. Look to the house where Pluto is located to see where you might find your friends, associations and group involvements and interests.

Sagittarius on 12th cusp:

The twelfth house rules the subconscious mind, problems arising from unseen causes, and limitations in our lives. This house has rulership over behind the scenes activities, emotional problems, secrets, deceptions, problems to overcome, the side of ourselves away from public view, where the soul can step back and take a look at the world around us. The twelfth house also has rulership over prisons, hospitals, and other institutions that would remove you from society. Sagittarius energy on the twelfth house indicates that a lot of planning goes on behind the scenes, and you can figure out in great detail a plan of attack without others knowing what is going on. Spiritual, religious and mystical beliefs are secretive in nature, and you will keep them to yourself. Look to the house where Jupiter is located to find that area in which you retire from public view.

Deep feelings and relationships are aroused of the very intense kind. Any activity that spices us up emotionally will be exactly what the doctor ordered and as to exactly what spices you have in mind is personal and even I don't want to know. Lovers and love relationships that are possessive find their home with this Lunar position of the Moon. If we hear of the death of someone, it will touch us very deeply, as this is the house of passing to a higher plane.

Communication will be difficult this month so delay them as much as possible, and for a more auspicious time. Consider this a quiet and peaceful time in your life. Enjoy it, you never understanding when the in-laws or other oddities in life will be showing up. Opportunities for social activities and romantic interludes can also come up this month.

Mercury Quincunx Node:

Communications and ideas are out of sync with the rest of the world at this time. Socializing may be non-existent or very difficult, so it would be best to leave it alone for now. This is not a favorable time for dealing with the public, media relations or advertising.

Lunar Return Venus in 3rd house:

Venus is in your 3rd house this month. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on.

Social activities are found in everyday surroundings. This is a great month to tell someone how you feel, even if they already know it. Short drives are favored this month and close family members will be friendlier to you now and news that is received will be pleasant and warm. Look at the aspects to Venus this month to see how you will accomplish this and where. Also note where your shortcomings will be found by difficult aspects to Venus. If Venus makes a stressful aspect while in the 3rd house, some insincere gestures may be made to be pleasant or unimportant matters may be talked about.

Venus conjunction Mars:

A very aggressive nature exists this month and petty annoyances will be encountered if you try to push sensitive issues. You will be working hard to make things beautiful in your environment. Don't hurt someone you like, as the potential to do so is there and difficult to rectify. This is a very artistic time when creativity can be expressed easily.

Romantic relationships started now will prove to be most stimulating and fulfilling. Business connected to art, music, luxury items and insurance is favored.

Venus Quincunx Node:

This month will present you with a very disagreeable nature and a desire for very showy and gaudy things. Sexual encounters are likely to be very unsatisfactory because of physical problems.

Mars

The placement of Mars in the Lunar return chart affects your drive, ambition, and vitality during the coming month.

Lunar Return Mars in 3rd house:

Mars is in your 3rd house this month. Mars is the planet of intense activity and the house it occupies by placement shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

Life picks up and you can sell your ideas to the world or carry out your ideas into the active state. Communications will be in a rude manner that you will regret later, this also includes anything in writing as well. You may run into relatives or close family members that are looking to quarrel or provoke you, but one person does not make an argument. Driving that borderlines on daredevil behavior, arguments, defying others with your actions and words combined with lots of short distance travel highlight this month. Your attention will not be on what you are doing behind the wheel causing somewhat disastrous results. If Mars makes a difficult aspect while in the 3rd house, there can be mishaps with automobiles, adopting a sarcastic attitude and an irritated outlook in general.

Mars Semisextile Neptune:

This month presents the ability to see beneath the surface in all issues, as you seem to be more guided by intuition than reason. Activities that go on behind the scenes are highlighted now and creative talents can help to advance your career.

This is a time for spiritual healing, both given and received and charitable work is the key to happiness. Watch overeating, not while you are doing it, before you do it. Defending the truth will be an issue for you now somehow and this will prove to be a very active and productive cycle so make the best of it. Your will power is strong now, and you will be very determined to accomplish something.

This is a very favorable time for pleasant entertainment, good hearts and spiritual enlightenment and they can be found among good friends partaking of good food, conversation and companionship. Your imagination may have a positive effect on the creative process, so use that creative process to make another masterpiece of some kind. Devotion to prayer and spiritual aspirations is likely to be a positive outlet for you now.

Mars opposition MC:

You will be much more aggressive in nature now and conflicts that need be, can and should be, if you keep your emotions in order. This would be an excellent time to be by yourself if possible as disputes and an explosive personality are your closest friends now. You will exhibit a very competitive nature now and conflicts will be seen in domestic, romantic and professional situations. Your energy levels will be running very high.

Jupiter

The placement of Jupiter in the Lunar return chart determines in what areas of your life you are likely to have opportunities for growth and expansion during the coming month.

Lunar Return Jupiter in 10th house:

Jupiter is in your 10th house this month. Jupiter tends to expand your efforts and brings good fortune and positive change to the house it occupies.

The emphasis is on profession, career, status, reputation and getting ahead in life this month, just be careful of being overbearing and arrogant with an overinflated ego that can become deflated at the most inopportune time. Promotions or public recognition is possible, confidence increases, change of working environment, seek favors from people in authority. This placement is beneficial to business and travel, law, politics, foreigners and teaching.

If Jupiter forms a difficult aspect while in the 10th house, you may abuse your position and use power for your own personal use, but please be advised that this is temporary and you can fall from your prominent position in disgrace because of your actions.

Jupiter sextile Saturn:

There is sure to be an increase of recognition and respect coming your way this month and people can easily come to you for advice and counseling as well. There will also be an evident feeling of joy being with others as well.

Those projects that you have been working on for so long can pay off now, and working with people or groups of people in some sort of structured unit has the greatest chance for success. Foundations for heavy responsibility go along with events now, but take note that as soon as this influence is over, it will become very quiet in your life. Consider the time that follows a giant tranquilizer and use it to take some time off for rest.

You will achieve the greatest success by using the middle of the road approach, and long range business and

financial matters look good. Opportunities can be gained through hard work and expect some growth potential from business, professional or educational pursuits.

This is a super time for friends and social get togethers which may involve authority people or older people than yourself.

Progress can be made in business, career, or your education, but make sure to make honesty your guideline in dealings with others, especially in business. Opportunities may come to you from authority figures or people more mature or older than yourself.

In matters of love you will be more optimistic than usual but mixed with an equal blend of caution.

Jupiter opposition Uranus:

YOU CAN SUDDENLY MAKE A CHANGE IN YOUR JOB OR DIRECTION IN LIFE'S WORK, WITHOUT ANY WARNING this month. Challenges will occur to money, difficulties arriving out of the blue and quite unexpectedly.

The need for change for the sake of change alone will be high. Risks will remain risks this month and are to be considered ones that will fail. You may have to take sudden and difficult long distance trips and find that dealing with foreigners or customs and modes of transportation will be extremely difficult. Be careful not to be rude with others because this can be a direct result of your own inner restlessness.

There will be a great need for sudden and new freedom in your relationships and dealings with others. You will not listen to the opinions of others very well either under this influence. Heated words with people in your environment and accidents is possible, and this is an unfavorable time for finding the money needed for that new project.

Adventures, changes in occupation, separations, divorce, moving and losses of money can accompany this influence. Business ventures are likely to fail as well.

Jupiter square Pluto:

Whatever you do keep your motives, intentions and dealings with others honest, above board and on the right side of the law this month. You may burn bridges to your past in favor of the future and new beginnings. There will be an overwhelming need for power over others, just be careful that you don't use people for your own purposes and then discard them. You will notice that you pick up some very bad eating habits as well. Jealousy is a danger with this placement.

Reforming others comes under the gun of influences as well, so be careful of who you are trying to reform as well as your motives for doing so. Even though you aren't the authority here, that won't stop you from thinking you are. Expect very radical changes in thinking and attitudes which may have you a bit baffled as well as those around you. Other conflicts will be seen in litigation, joint finances, insurance, taxes and alimony. In your work practices, make sure to take care of all the little details and be especially careful not to overlook anything, because missing the finer points of any project can be your downfall.

Jupiter sextile Asc.:

You are able to see the needs of others and can turn it to your advantage. Your positive mannerisms will attract people to you, and relationships will be happy. It will be easy to express joy when you are with other people and they will respond the same way to you.

Your energy flow is smooth and harmonious and you have a greater faith that everything will work out for you. You might meet that special someone that brings you great emotional happiness this month as brand new loves can begin.

This is an excellent time for school or new fields of study and should you have the opportunity to teach or lecture have no fear, you have found your present calling, or it has found you. People that are quite different from yourself or from different cultures or countries can enter your life. Relations with the public and marriage are very prosperous.

Saturn

The placement of Saturn in the Lunar return chart determines where you will encounter obstacles, difficult lessons, and where discipline will be needed in your life during the coming month.

Lunar Return Saturn in 12th house:

Saturn is in your 12th house this month. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life.

A month for withdrawing from the world and in a retreat or place of seclusion. It is the time to say adieu to old habits and prepare for a rebirth of self. Break old habits and say good-bye to old failures and inadequacies and cut your losses now and look ahead to the future. Favors work done in secret, parapsychology, Ashrams, retreats and the culmination of Karmic debts. If Saturn makes a difficult aspect while in the 12th house, fears, moodiness, depression or underhanded means must be guarded against.

Saturn trine Uranus:

This month favors any kind of mental pursuits, the study of Astrology, or parapsychology. Your friends will lean to more mature and older persons which you may have more in common with. In business stick to the older more established firms rather than trying someone new and new and creative ideas will bring happiness and peace into your life. Remember this is a time of hard work and the keywords for this month are honesty and determination. Finances are supported this month and come under a fortunate influence.

This is a time to make positive changes in your life and for breaking down the barriers that have you bound to the past. In other words, it is time to let go of the past and get on with your life. The changes you institute this month will be deliberately imposed and is an important time to let people express who they really are, or who you really are.

What have you been doing for a long period of time that has become outworn, outdated and flat out old? Use this Uranian period of electrical ideas and processes to update or change things in your life. Changes made this month will be made carefully but with great speed and relationships will become a bit more stable.

Saturn conjunction Asc.:

You will feel less of a need to be with others and an increased need to amuse yourself. Relationships that start this month must understand your need for freedom to be yourself. Moments of silence will be very important to you spiritually now.

Time to grow up! Become more self reliant and don't depend on others so much. Get rid of the foolish attitudes that have kept you bound to the past.

Relationships that are weak will end, while those that are strong will remain. Seek the advice and company of older more responsible people.

This can be a very productive time, so consider new beginnings, skills, work or self discipline. Constipation can be a problem this month, so remember your fiber!

Uranus, Neptune and Pluto

The placement of the 3 outer planets in the Lunar return chart indicates areas in your life that are likely to take surprising twists and turns, where idealism and illusion may enter your life, or where compulsive or extreme situations may arise in your life during the coming month.

Lunar Return Uranus in 4th house:

Uranus is in your 4th house this month. Uranus is the planet that causes us to make changes of the sudden and electric kind in our lives with very little regard as to whether we want to or not.

Old hang ups can arise to be dealt with creating some discord and separations and unexpected and sudden changes occur in the domestic scene. A change of residence is possible somewhere with the placement of Uranus here, or you may decide to make much needed repairs. If Uranus makes a difficult aspect while in the 4th house, home projects will not do well, moves that were planned will not go well if at all and business activities centered around the home will not do well.

Uranus square Pluto:

There will be a great need for freedom this month and you will find relating to people very difficult. Be careful of manipulating people because there will be a very deep seated need to change the lifestyles of others. Old hang ups and ways of life will end and new ones can begin. Rapid and unforeseen changes and events can occur that wipe out old conditions. Friendships and group associations are greatly altered or end altogether.

Why go with the flow when you can resist and make yourself as well as everyone else miserable? A time of stress and turmoil has arrived, along with a desire to overthrow everything you have been doing. Remember that

all of this rebellion and change can bring accidents, so don't overthrow yourself at the same time.

This is a difficult time for taxes, finances, alimony, money and inheritances.

Uranus trine Asc.:

There can be a strong attraction to someone in your life who is very unconventional and somewhat a rebel and they will have very strong Aquarian qualities. You will find that there is also an increase in your enjoyment while showing affection to others. There will be nothing "dull" about you during this month.

Increased freedom is needed in relationships if they are to survive and new interests, hobbies or studies will be sought.

You will have a fascination or attraction to technical or scientific areas, while being exhibiting a very impulsive and nervous constitution needs to be satisfied.

Sudden contacts can bring wonderful opportunities to you, and travel is favored as well.

Relationships that start under this influence may very well cease at the end of this month, granted it was electric and wonderful, but this time period does not support a long lasting one.

Unexpected partnerships in business can develop as well, but wait until after this month is over to see if it will be a strong one.

Lunar Return Neptune in 3rd house:

Neptune is in your 3rd house this month. Neptune is the Grand Master of illusion, deception, imagination and inspiration, perhaps all at the same time. Psychic and intuitive aspects can emerge from our personalities either consciously or subconsciously and new concepts that are somewhat poetic, compassionate and humanitarian can easily arise. As long as we remain realistic in our approach to life, we shouldn't encounter too many lessons though. Expect Neptune to put you through many changes of perceptions and your views or reality will be altered several times as well.

Communications with kin, neighbors and close family members can become confusing and perhaps somewhat deceptive this month, so speak precisely and realistically as possible under this cloud of confusion. If Neptune makes a difficult aspect while in the 3rd house, dishonesty can be employed in speaking and thinking can become very foggy. Appointments can be missed altogether and communications with you can be very confusing.

Lunar Return Pluto in 1st house:

Pluto is in your 1st house this month. Pluto is the master of digging down beneath the surface of who you are and bring some very powerful yet subtle changes into your life. Pluto is where your OBSESSIONS can be found this month.

A rebirth is symbolized by this placement of Pluto. Power struggles can be confronted in relationships and basic changes can take place in your environment, disposition and appearance. If Pluto makes a difficult aspect while in the 1st house, then you can become extremely headstrong and stubborn.

Pluto Sesquiquadrate Node:

Do not use this time for planning retaliations against people who have wronged you, even though it will be strong, so resist the temptation. Be careful of USING people for your own purposes as well.

Associations can become very burdensome this month and tension and intolerance for others can lead to unwise choices. Aspirations for power can lead to problems or frustrations.

Pluto square MC:

Passion and strong feelings will increase that will be difficult to deal with this month and research and studies are favored. You may be working in an undesirable environment around virus's and bacteria in some way.

A great deal of pressure is on you to make changes in your goals and life direction, just be careful not to let your actions make those around you oppose your ideas.

Changes against your will can take place, just don't waste your energies trying to fight the system, instead go with the flow. Tensions are sure to surface and home repairs and changes of residence is possible.

Interaction of the Lunar Return and Natal Chart

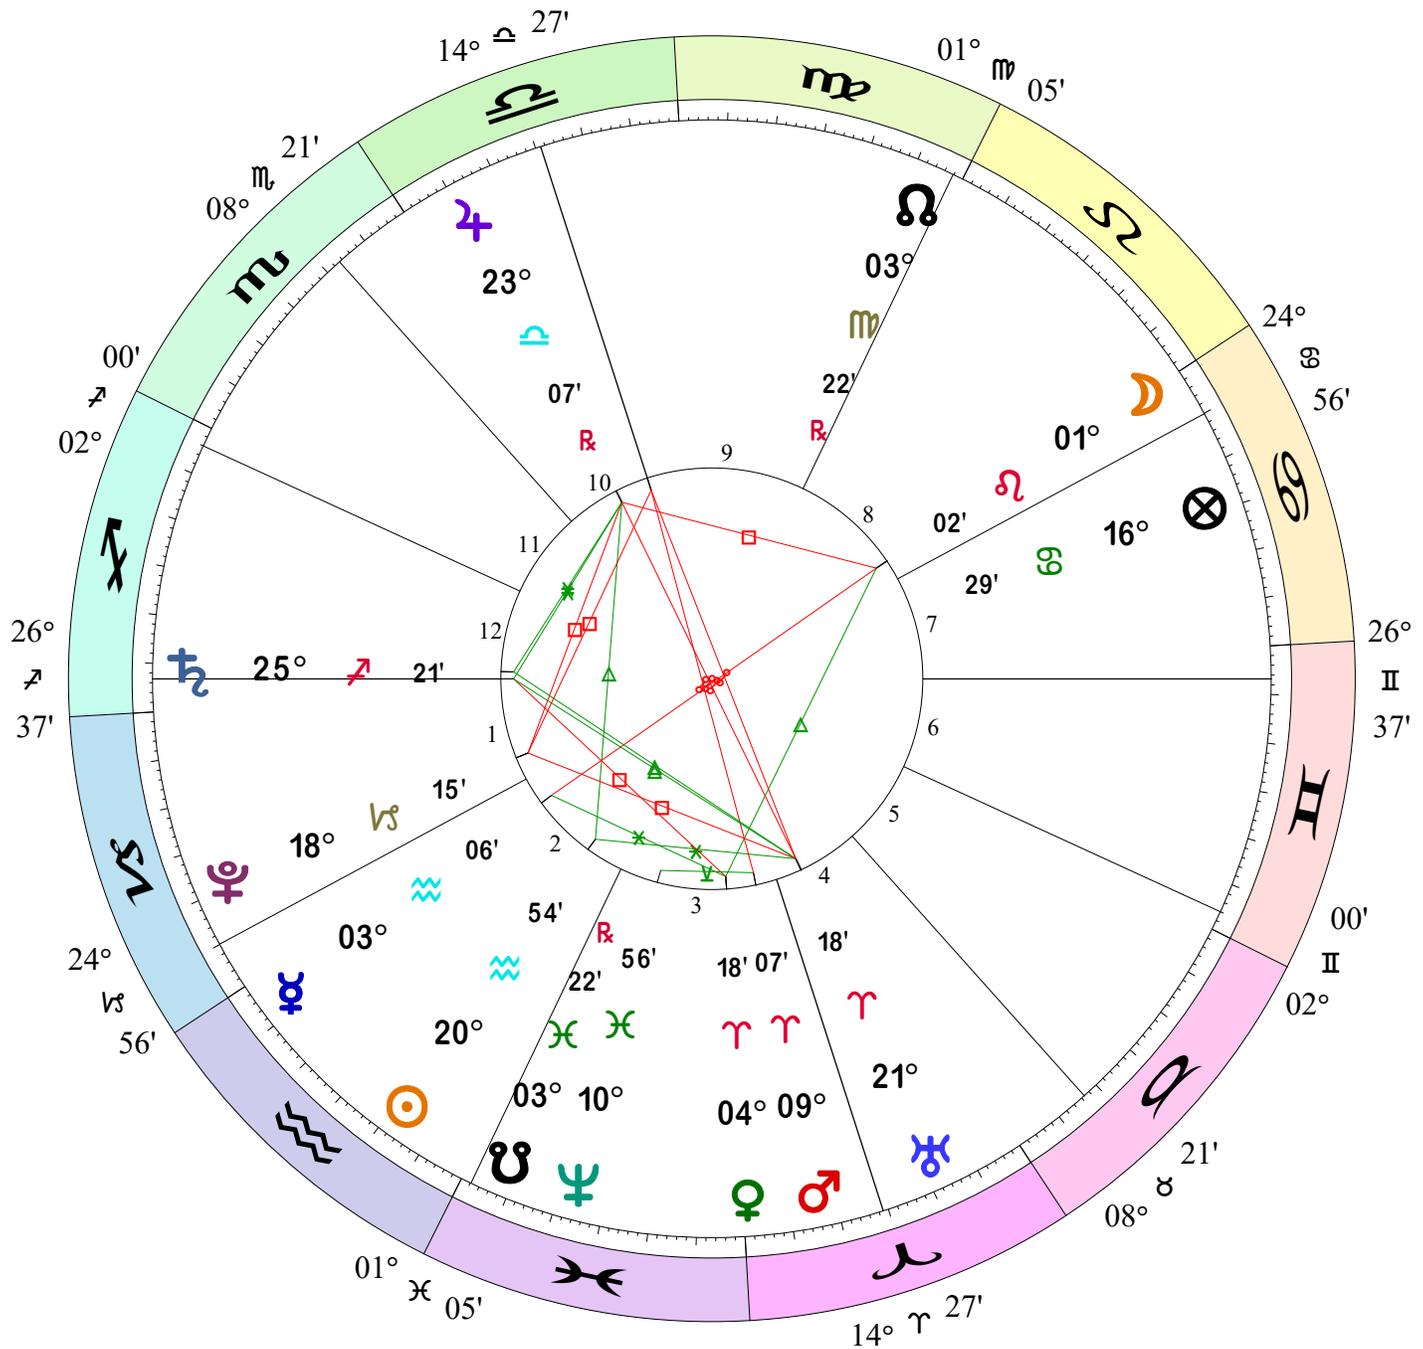

The following influences are based on the relationship of the Lunar return to the natal chart. These influences tend to bring about changes in attitudes and your perspective on life.

Natal 10th on lunar Asc:

With your Natal 10th house on the Lunar Ascendant, you may want to be the boss or the authority figure. Parents, employers, the boss, politics or the government can play a big role in your life. Advancement or making changes in your career will be prominent this month.

Natal Asc in lunar 3rd house:

With your natal Ascendant now in the Lunar 3rd house of communication, this is where social and intellectual learning is shared. This is where you will explore your community or communicate to your environment, and to make sense out of it. The 3rd House is also related to education, all forms of communication and short journeys. The 3rd House brings importance to brothers and sisters, childhood friends, neighbors and the outside world. Most importantly, it is where you as an individual fit within the structure of this timeframe.
